TO ALL OUR PARTNERS

Ascoli Piceno, 9 May 2022

**Circular no. 07/2022**

**RE: SPARE PARTS PRICE LIST – JUNE 2022**

Dear Partners,

once again and reluctantly, we are forced to communicate a revision of the price list:

- a) average increase of 6% for spare parts relating to Angelo Po brand and commercialized products;
- b) average increase of 10% for spare parts relating to SAGI brand products.

Recent geopolitical tensions at the European level have further fueled the well-known bottlenecks in global supply chains. The price increase in any product category now appears consolidated and progressing throughout 2022. The prices review communicated at the end of 2021 is no longer affordable and forces our company to react in order to continue to operate sustainably

The new prices will be effective to all confirmed orders starting from 01/06/2022.

Any special request for stock replenishment will be evaluated by our managers.

Thank you for the ongoing support you are giving to our brand and we are confident that together we will overcome even this moment.

Best regards,

**Andrea Zitelli**
